## WHO WE ARE

On May 7th, 2012, The Potter's House of Prayer opened in Mankato, MN with a desire to call the Minnesota River Valley to the place of worship and prayer by glorifying Jesus and contending for revival and a great harvest of souls in our region.

The Potter's House of Prayer (PHOP) is a place where prayer and worship is regularly offered before the Lord, with the dream that one day Jesus will be worshiped 24/7 in our city. We believe that consistent prayer is the catalyst that releases lasting transformation in the lives of individuals, families and throughout our region.

# PURPOSE

We believe that the Holy Spirit is doing something unique and special in the earth today. All over the world, God is sovereignly calling men and women to the place of night and day intercession and worship. The face and expression of Christianity is changing right before our eyes, and we here at the Potter's House of Prayer are endeavoring to do our part in this historic move of God.

The purpose of PHOP is to create a place where people from all over this region and beyond can come to experience God and encounter Him in a real and transforming way. It is a place where Christians can enter into their prayer closets, shut the distractions of life behind them and encounter the presence of God.

In the same way that God raised up forerunners of night and day prayer before His first coming (Anna and Simeon), we believe that He is doing the same today. Globally, God is instilling into the heart of His bride the great cry of "Come, Lord Jesus" that will ultimately usher in the return of our Messiah. We believe wholeheartedly that in these last days the call to night and day prayer is not only legitimate, but actually warranted and necessary in order for the plans and purposes of God to be accomplished on the earth.

# EVENTS

## PRAYER SUMMIT:

This conference takes place every August and exists to call Christians from all over Minnesota and the Upper Midwest to the place of prayer and worship. With past speakers including Corey Russell, Allen Hood and Bishop Isaac Quaye, the Prayer Summit has quickly become a catalytic event for the region.

## PROPHETIC CONFERENCE:

This annual spring conference was birthed out of the conviction that God's purposes are entrusted to the praying and prophetic church. During the Prophetic Conference Christians are taught and trained in the Biblical precedent of prophecy and how to hear from God.

The Potter's House of Prayer University exists to help form and forge men and women within the context of prayer, fasting, and worship so they can become burning witnesses to their generation. The great need of the hour is men and women who have a high view of God and are faithful to intercession.

PHOPU is an avenue for people to consecrate themselves for a season of intense prayer, sustained worship, and bold evangelism. Interns will receive sound theological teaching and powerful impartation related to the Person of Christ and the ministry of intercession. Interns in PHOPU will be immersed in the culture and values of a House of Prayer in a way that they will grow in their own personal walk with God and, by the grace of God, begin to function in their calling and destiny.
